### Information Board in the HI-TECH system

A board in the form of panels in two columns on steel cables

Box price:

Panel 700 x 80 mm - 5 mm acrylic glass + digital print on the bottom glued with sandblasted foil + Steel side handles made of acid-proof steel.

Printout from your own inkjet or laser printer or,

Digital printing on the bottom (full graphics + sticking with frosted foil)

To create your own information board:

1 - determine how much free space you have for the board: e.g. 200 x 100 cm.

2 - Select the Main panel for the logo / name - larger panel \*

\* We install the panels one above the other

3 - Select the smaller panels - name / floor / room. - define what information we need to be on our board.

The cost of system holders for the facade / ceiling: + 30 EUR / one item.

Steel cable for free.

The main panel and, for example, the bottom summary panel - 1500 x 250 mm + 150 EUR net / pc.

Products prepared for self-assembly (easy / quick assembly) according to the attached instructions.
