Tablets with the braille system are most often used under or over the calm, but of course you can stick them anywhere.

We make braille numbers on aluminum.

Aluminum plate with metal points c.a. 1.5 mm.

The braille system is taped with double-sided adhesive tape.

We translate and stamp braille numbering for visually impaired and blind people.

Tile sizes: 70 x 30 mm

Minimum quantity 50 pcs.
