Glass boards are magnetic. The chalkboard has very vivid colors and the smooth clean surface of the glass makes it very nice

visual effect. On magnetic glass boards, we can write with a marker or attach various information to the cards with neodymium magnets.

Magnetic boards, thanks to their designer form, perfectly fulfill the function of interior decoration.

Moving magnetic boards - offices, conference rooms, restaurants, kitchens.

The board consists of a safety glass pane painted on the underside and bonded to a galvanized sheet by means of glue.

Metal brackets for hanging the board are attached to the back.
