Table labeling in the form of a stand with a round two-sided number.

A tall number on the table allows you to easily identify the place from a distance.

Dimensions are approximate.

Base diameter - 90 mm

Height - 400 mm

Number diameter - 100 mm

The numbers for the tables are made of engraved metal.

The whole structure is very stable and solid, and the engraved number will serve for many years.

Use of a number on the table:

- number on the table in the restaurant.
- number on the table in the banquet hall.
- table numbers at special events.
